

Mission

Founded in 1994, the Mission of the Greater Nashua Continuum of Care is threefold:

- To foster and promote comprehensive, cohesive, and coordinated approaches to housing and community resources for homeless persons and families;
- To identify and address service gaps and risk factors in the community; and
- To prioritize unmet service needs to develop and oversee a system of prevention, intervention, outreach, assessment, direct care and aftercare for homeless individuals and families.

Purpose

The ultimate vision for success held by the Greater Nashua Continuum of Care is one of an ideal community where homelessness no longer exists.

An ample supply of safe, affordable, permanent housing and support services would assure that no one will have to sleep on the streets, in automobiles, park benches or places unfit for human habitation.

Networking and collaboration to formalize coordinated strategies towards the development of an unduplicated, seamless service delivery system for the community's homeless and at-risk population.

Continuum of Care Membership

Is comprised of:

What is a Continuum of Care?

Since 1994, the U.S. Department of Housing and Urban Development has been encouraging communities to address the issues of housing and homelessness in a coordinated, comprehensive and strategic manner. With input from practitioners throughout the country, HUD introduced the Continuum of Care concept to support communities in this effort. This concept is designed to help communities develop the capacity to envision, organize and plan comprehensive and long term solutions to addressing the issues of homelessness in their community.

Annual HUD Funding

Through the COC Application
Supports:

- Permanent Supportive Housing Programs
- Transitional Housing Programs
- Employment Advocacy
- Homeless Outreach
- Homeless Management Information System
