Dear GNCOC Members,

I am writing today with an update to the COC Funding NOFO that was initially released in November but has since been involved in litigation. We are officially canceling the Request for Proposals and will reissue one when a new NOFO is available.

HUD reopened the FY24-25 CoC NOFO on **January 9, 2026**. HUD expects application forms and materials to be available on e-snaps no later than **January 16, 2026**. Applications will be due by **February 9, 2026**. HUD will communicate information and any updates on HUD.gov and by mailing list. You can get more detailed information at <https://www.hud.gov/hud-partners/community-coc> .

Projects that were awarded FY 2024 funds and are not reallocated or replaced by the CoC may be eligible for selection for FY 2025 funds using their FY 2024 application submission and are not required to apply for renewal for FY 2025 funds (I.B.2.c). If applicants with awards from FY 2024 indicate in writing, in a manner that HUD may further direct, that the applicant will not reallocate or replace any of their awards, HUD will consider, if feasible, beginning the review and processing of these renewals before the February 9, 2026, submission deadline.

We do not have full details of the renewal requirements yet, but we are monitoring the sites closely for updates and have taken the steps we can take to be prepared for when the application opens. At this time, it appears that there will not be any opportunities for new project applications, although we do expect a new FY 26 NOFO at some time this calendar year (likely late summer or early fall). If you are interested in applying for new projects, please look for updated emails from me or Ashley, as we will share that as soon as we have them.

Thank you,

Wendy LeBlanc
